Governor Will make a "other"

Like thousands of other volunteers in the fight against polio, Gov. G. Mennen Williams of Michigan will be a "mother" between 6 and 7 p. m. on the night of January 27. During that hour a "Mother's March on Polio" will be conducted in nearly every Michigan community and rural area by parents interested in collecting funds for the March of Dimes. Giving the Governor his last-minute instructions is Mrs. Justin Sutton of Lansing, chairman of the Michigan County Mother's March committee. The tag and mason jar will be identifying marks of every person making door-to-door calls on January 27th.

Light Is Signal! Mothers March On Polio Monday 6 to 7 P. M.

Monday night's the night for the Crawford County Mother's March on Polio. Sixty short minutes Monday between 6 and 7 P. M. will mark the climax of the 1935 March of Dimes, and the watchwords for those 60 minutes are "Teamwork and Timing."

Mrs. Ella Wilcox and Mrs. Lester Welch, Mother's March chairmen explained that when the hour strikes at six Monday night everything will begin moving like clockwork.

The six o'clock whistle will proclaim to all within hearing that the March is underway.

Lights are Signal
Porchlights will be snapped on, lamps placed in front windows.

The chairmen explained that the volunteers will carry candles and also wear a blue crutch pin. Some sixty, strong, the marchers will visit the homes of all their neighbors who signal that they wish to contribute to the polio fight. "We hope that no house in Crawford County will be overlooked by our volunteers," they declared. "This year," they said, "the polio-fighting job is a bigger one than ever. The success of that fight will be decided in part, by the success of Monday's Mother's March on Polio."

An unusual thing happened last week and one asks, why? The March of Dimes flag at the Grayling Laundry and Hunter's Aus Sable Dairy were stolen.

Bear Indies Squeeze Past Roscommon

The Bear Indies barely squeezed past a strong Roscommon independent team here last Saturday night by a 67 to 48 score. Although Grayling outshot the visitors from the floor hitting for 26 field goals to Roscommon's 22, the battle was almost lost at the foul line.

The Bears scored on only 15 out of 83 charity shots while Roscommon counted 22 points from only 29 fratis tosses. In the first quarter, Grayling took a commanding lead of 26 to 8. In the second quarter, Roscommon came back to score 22 points to the local's 13. Grayling still held a 39 to 30 halftime edge.

In the third quarter, Roscommon launched a terrific attack that scored them 23 points to the Bears' 13 to draw up to a single point deficit, 54 to 53. Both teams scored 13 points in the final frame with Grayling holding on to their slim one point lead to eke out the victory.

Dick Miller, Bear pivotman led the local's scoring with 20 points. He was ably assisted by Hank Feldhauser who hit for 18 points and Ronnie Larson who scored 13. Allan Lucksted added 6, Jerry Korhonen 7 and Wilfred "Peewe" Laurant just out of the Marines scored 2 with Larry Baumann adding a foul shot. Figley with 22 and Brighton with 14 led the Roscommon scoring drive.

In the preliminary game, a Grayling Junior High team defeated Grayling St. Mary's Seventh and Eighth Grade team by the rather lopsided score of 41 to 10.

The Junior High squad held a 18 to lead at halftime and added 26 points in the final half to St. Mary's 6. Newton Allison with 15 led the Junior High team in scoring. Communist Tenet Exploded

The basic tenet of Communism, which Marx argued and developed in elaborate detail in Das Kapital, is that capitalism exploits the masses for the benefit of the few, and that increasing industrialization under capitalism would inevitably lead to more exploitation coupled with a steady decline in living standards. In Marx' view, the end result would be revolutions in all the capitalist countries, with maddened workers throwing off their chains and turning on their oppressors.

The exploitation theory, of course, is still one of the big talking points of the Communists, just as it was at the time of the Russian revolution. It is repeated ad infinitum, ad nauseum in the Soviet press and on the Soviet radio. The prime target and example is always the United States.

It is interesting to examine this in the light of an article by Gilbert Burck in the January issue of Fortune magazine. Mr. Burck's article is part of a series Fortune calls "The New Economy." It begins with these words: "The supreme economic story of the past 25 years can be reduced to one simple, colossal fact: Today the average American, though he works about 15 per cent fewer hours, has roughly 50 per cent more purchasing power than he had a quarter-century ago. This remarkable advance in material welfare is almost entirely a result of the fact that national productivity, which may be defined as average output per man-hour, has shown an average annual increase, since 1930, of more than two per cent a year."

In other words, we have had more industrialization, more mechanization of work in all fields—yet instead of dropping, our living standards have soared. And no one thinks we have come to the end of the trail: Mr. Burck reports that many conservative economists "believe the U. S. economy in the past few years has broken through some barriers" and the annual rate of advance in productivity is moving toward a minimum of 2.5 per cent. If that occurs for the next 25 years, he continues, "the annual cash income of the average

American family unit in 1980, after taxes, will probably come close to \$6,600, in 1953 dollars. What is more, this figure makes allowance for a decrease in working hours."

Some of the greatest tributes to the American system of production have come from members of foreign productivity teams which have visited here in late years. Fortune quotes a number of their comments. One said, "Management and labor feel a far greater sense of responsibility to the public here than in Germany." Another said, "The speed and growth of mechanization manifestly have not resulted in setting a pace that kills... they have increased... health, welfare, and longevity more rapidly than in any other country." Another said, "In Europe the majority of people have an inferiority complex; in America they help one another whenever they can." And still another said that in this country "productivity is a state of mind... It is the willingness not to be content with the present situation, however good it may be... It is faith in human progress."

Without arguing the pros and cons of Marx' theories, it seems evident that he was one of the world's worst forecasters so far as matters of fact are concerned.

There's a new
zip to Dynaflo*

— and better gas mileage to boot!

This is something you really ought to try. Even though you may be familiar with earlier versions of Dynaflo Drive—either from personal experience or from hearsay—you owe it to yourself to press the pedal of a 1955 Buick with Variable Pitch Dynaflo.

Just as simple as ever to operate—easier, in fact, with the new positioning of the lever.

Just as smooth as ever, with nary a lag, halt or hesitation throughout the speed range.

But brother!—hang on to your hat

when you call suddenly for action! Because that's what you get, instantly.

Because twenty power blades inside the very heart of this wondrous automatic transmission switch their pitch for getaway performance—much like the airplane's propeller is angled for take-off.

It's as simple as that—but far more thrilling than words can tell.

And it's a big boon to your gasoline

money, too. For, just as the plane's propeller changes pitch aloft for greater fuel efficiency in cruising, so the Dynaflo "propellers" change pitch to deliver a lot more miles per gallon in normal driving and cruising.

Come in and try it—this week. You'll find it harnessed to the highest V8 horsepowers in Buick history—and housed in the bold new styling that says Buick and nothing but.

*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

DANIEL MCINTYRE INTERRED HERE

Daniel McIntyre, 70, of Battle Creek was interred in Elmwood Cemetery, Grayling, on Saturday, January 15th. Services were held at the Royal Funeral Home, Battle Creek, on Friday morning at ten o'clock.

Mr. McIntyre, a retired state highway employee, died January 12th in a Battle Creek Hospital following a six-year illness. Mr. and Mrs. McIntyre moved to Battle Creek from Grayling after he retired in 1947. He had been employed by the state highway department for 20 years.

Born on January 10, 1885 in Port Huron to Daniel and Sara McIntyre he married Mrs. Eva Legitt Bailey in Grayling January 5th, 1927. Surviving besides his wife are three step-children, Albert Bailey, a patient at the Veterans Administration Hospital at Ft. Custer, and Delbert Bailey and Mrs. Charles Decker of Grayling. Mrs. Decker and Mr. and Mrs. Delbert Bailey attended the final rites.

St. Mary's Ladies Club
On Tuesday, January 18, St. Mary's Ladies Club held its monthly meeting. The meeting opened with the recitation of the Rosary, led by Mrs. Catherine Hayes.

After a brief business meeting and reports from the three Guilds, Mrs. Nora Laurant took charge as head of the Altar Guild which was responsible for this month's program. Mrs. Laurant called upon Mrs. Elsie Gibbons who spoke to the group on "Mysticism in Daily Life." This was a topic new to the club, but interesting and enjoyed by all.

Coffee and cake were then served by a committee which was chaired by Mrs. Eleanor Hunter. As Mrs. Hunter was unable to attend, however, she had asked Mrs. Orie Lovell to substitute for her that evening.

The annual Polio Dance sponsored by St. Mary's Ladies Club and held at St. Mary's Hall on Saturday, January 22, was a wonderful success.

A large crowd enjoyed the music of Wes Kumpula and June Gross, with the square dances called by Middle LaMotte.

The hall was decorated with Polio Fund flags and posters, with the tables done in red, white and blue.

Punch was served all evening and a delicious lunch was enjoyed by all at the end of the festivities.

The one in charge of this event and the one to whom a great deal of credit for its success must go, was Mrs. Call Cindlar.

St. Mary's Ladies Club wishes also to extend its thanks to all those who attended the party or purchased tickets and any one who furnished food or donated in any way toward the cost of the party, to make the affair a financial success and thereby enable the Ladies Club to make a sizable donation to a very worthwhile cause.

Letters To The Editor

The following poem was submitted by Mrs. Ester C. Hall of Detroit. A subscriber to the Avalanche, her poem was prompted by our frequent plea for news. Our thanks to Mrs. Hall.

For Everyone
Please—if anyone you know:
Comes to town or away did go,
Elopes or plain gets married,
Or dies, and then gets buried—
Has an operation or a guest,
Buys a home to make a cozy nest,
Makes a speech or builds a house,
Becomes a Nudist (Oh the Lousie),
Has a party, baby or a fire,
Shoots the one that him did hire!
Gets a degree or prize hath won,
Is taken sick (and that's no fun),
Someone you know holds a meeting,
And why did whom get a beating?
Or what have you—an accident?
Big or little, but interesting
Your friends may watch for the news,
So really, how can you then, excuse
Write, come in or phone the staff,
Your "Home-town paper" wants
To do our bit, let's say "we will,"
And the Avalanche help to fill
Resolution for the year just begun.
Here's a starter, "Dial 311!"
I hope one day soon to write a book,
Where young and old may read
and look
So these few lines for you I've made,
Do you think I'll ever make the grade?

The Lovells Home Extension Club met at the home of Mrs. Carl Doran in Grayling Thursday for an all day meeting. The topic for this day was Legal Phases and am sure that all present were given some very good advice as to property holdings, bank account and other things pertaining to law.

There were eight members present and two visitors, Mrs. Sam Collins and Janet Johnson. Mrs. Collins is our County chairman and it was a treat to have her with us. Roll call was answered by each member naming her pet name and there were some duds mentioned.

Mrs. Doran assisted by Mrs. Fred Koernke served the luncheon and as usual we just forgot to count calories every thing was so delicious. A collection was taken for the National Friendship Club.

After Mrs. Fred Koernke offered her home as the next meeting place with Mrs. Pat Harwood and Mrs. Harold Johnson offering to be co-hostesses the meeting adjourned. Next meeting will be February 23rd and will start at eleven o'clock, this meeting will finish the lesson on legal phases.

M. S. C. to Observe 100th Anniversary

On February 12, 1955, Michigan State College will be 100 years old. On that date—Founders' Day—M.S.C. will begin a year-long celebration of the event which drastically changed the course of higher education in America. It will commemorate the founding of a college which for the first time was to serve large numbers of people rather than the relatively few.

Michigan State College was the first agricultural college and the model for the land-grant college system established by the Morrill Act in 1862. Pictured above is Old College Hall, where agriculture was first taught as a science. Beaumont Tower, left, stands today on that historic spot and is the landmark for the Michigan State College of 1955, eighth largest university in the nation.

Cong. Cederberg Gets On Two Committees

Congressman Edward A. Cederberg has won two important committee assignments in the U. S. House of Representatives in a reshuffling of committees identical to the reorganization of the House for the 84th Congress. Congressman Cederberg will be the only Michigan Congressman on the Merchant Marine and Fisheries Committee which takes on added importance for Michigan with the development of further navigation in the Great Lakes as the result of the new St. Lawrence seaway. In addition to maritime activities this committee also considers legislation on fisheries and wildlife, including research, refuge, and conservation—all of vital interest to Michigan and the 10th district.

Man from Rochester says, 'I'm a lot better off because of Blue Cross-Blue Shield!'

"Blue Cross - Blue Shield saved the day for me," says Mr. Heckman of Rochester. "I was in the hospital for over two months. Really needed the works—oxygen, operating room, anesthesia—and you find that they can really amount up in no time! My hospital bill alone was over \$1800. I didn't have to pay a penny of it! My Blue Cross Comprehensive Contract covered it all! And Blue Shield paid \$400.00 of my doctor bill, too. It would take me years to get rid of that debt if I didn't have Blue Cross-Blue Shield. Like I say, I'm a lot better off because I've got it."

What if your family had an unexpected hospital bill this year? One in every three families will! Wouldn't you be a lot better off with protection like the kind that saved over \$2200 for Mr. Heckman?

Find out how you can get low-cost Blue Cross - Blue Shield group coverage for hospital and doctor bills. A company with as few as 5 employees may qualify as a group. Today, call or write: Blue Cross-Blue Shield.

Carol McWilliams of Roscommon is shown preparing for a day of skiing at Skyline, Sunday, after being named Roscommon Winter Sports Queen for 1955 at the Skitmark Stomp, held Saturday evening. Carol, 17, is the daughter of Mr. and Mrs. Duane McWilliams, of Roscommon. She will be crowned by Cliff Ketchum, Secretary of the Conservation Commission, at the Coronation Ball, January 28th at the Good Will Center, Kay Sackrider, Emily Ray, Nancy Dodge and Sally Richardson are members of her court.

number of deer shot in the Upper Peninsula during the hunting season recently closed. The figures are the count that was made at the Straits of Mackinaw, across which most of the game is shipped. It shows that a total of 3,500 deer were shipped south from the hunting grounds. The number is within 500 as large as last year.

M. A. Bates has his gang at work on the new local telephone lines and we can soon call up the house and "jaw" our wives from a distance.

Last Thursday evening about twenty-five of the little friends and schoolmates of Miss Mary E. Colten gathered with her teacher, Miss Hoyt, gathered at her home in honor of her tenth birthday.

The evening was passed with much pleasure to the little ones. After supper they were treated to a sleighride and each delivered to

their respective homes. They all voted it a good time and wished their little hostess many happy returns of the occasion.

Dedication of the Danish Hall

now known as "Danstod" took place January 6th. For this occasion was present, Rev. A. C. Kildegaard of Muskegon, Michigan and Rev. K. C. Bodholdt of

Dwight, Ill. President of the Danish Lutheran Church of America.

We can only give a brief statement of the big Danish day. It was indeed a day that will long be remembered by the partakers. The hall was filled to its full capacity when the chairman called to order. Rev. P. Kjolhede was requested to lead the opening prayer.

After which E. Hanson, in an official way handed the deed of the building to the officers of the Danish Lutheran congregation.

In his speech he mentioned that it is now 32 years since he, the first "Dane" settled in this part of the country. It was interesting to listen to the history of Mr. Hanson's early life. Finally he expressed the wish that this building should stand not as something to his personal credit but as a monument for the Danish people and their doing at this place, that the same should be a blessing in the future for young and old.

They should gather for song, music, gymnastic and anything else for the good of man. A hearty vote of thanks was given Mr. Hanson for this great present and the assembly expressed their appreciation by all rising to their feet.

Last Saturday evening, Crawford Tent No. 192 K. O. T. M., installed the following officers for the ensuing year: Past Com., J. J. Colten; Com., George Crandell; Lt. Com., William Shoemaker; R. K. and F. K. Thomas; Sec., Stanley N. Insley; Sergeant, Charles W. Amundson; Master at Arms, George Leonard; 1st Master of Guards, Harry Hum; 2nd Master of Guards, Joe. Charron; Sen., Walter Shaw; and Picket, William Woodfield.

CARD OF THANKS

Our heartfelt thanks to all who extended comforting sympathy and help in our recent sorrow. For the beautiful service, floral offerings and other kindnesses, we are deeply grateful.

POLIO HIT HARDEST IN SMALL COMMUNITIES

In recent years citizens of small counties have been stricken by this more often than their big county cousins, according to data released by the National Foundation for Infantile Paralysis.

Statistics just compiled for the five-year period 1948-52 show the average annual polio attack rate in counties with a population of under 50,000 to be 27.4 cases per 100,000 people, while the average annual rate in counties of 50,000 or larger was 24.0 cases per 100,000 population.

Final incidence figures for 1953 show the average annual attack rate for the entire United States was 22.3 cases per 100,000 population. They also show unusually high attack rates in many small counties. Here are examples of high incidence counties in the 3,500 to 38,000 population range. (Figure following the county is the number of times its attack rate exceeded the national average):

Golden Valley, N. D., 13; Washington, Va., 7; Polk, W. S., Avery, N. C., 8; Pope, Minn., 7; Schuyler, N. Y., 7; Del Norte, Calif., 5; and Richmond, Va., 4.

No one knows just why this pattern exists, the National Foundation reports. Scientists are analyzing data on case rates among different population groups, but have not come up with any answers as yet. Among "guesses" advanced is that improvement in sanitation among rural communities may have reduced "silent" infections in infancy, which are believed to give natural immunity.

Whatever the cause, more and more small communities are seeing

at first hand how their March of Dimes contributions aid polio patients. This may be one reason why such areas lead the honor roll in per capita giving to the March of Dimes.

Some of the records set in 1951 by counties with a population under 15,000 were Alpine, Calif., where residents gave an average of \$4.16 per person; Pulaski, Mo., where citizens averaged \$3.16 each; Mineral, Nev., with \$2.32 per capita; and Jeff Davis, Texas, with \$2.22 per person.

Last year, \$6,075.07 was raised in Crawford County in the regular and emergency March of Dimes. This was a per capita of \$1.48 plus. This made Crawford County second in Michigan. Otsego County averaged \$1.47 per capita while the national average was 44¢ per capita. Crawford County stood thirteenth in the '51.

Graying Teens Fight Polio

A group of Graying High School students working under the direction of the Student Council last Saturday raised over \$80.00 for the Crawford County March of Dimes.

With the co-operation of five Graying service stations, the students washed cars all day Saturday with all of the proceeds going to the March of Dimes.

Washing cars at Hoestl and John Witt's Pure Oil station were Don Robertson, John Cartfield, Larry Kolka, Gary Worden and Lloyd Failing. Working at the Ausable Service station were Bob Hull, Bob Carlson, Dale Pettengill, Erwin Wales, Bob Houghton, Susan Bidvia, Karen Carlson, Clara Wolcott and Tom Lamun. Those washing cars at Knibbs Texaco Service were Jim LaGrove, Tony Doremiere, Kay Ann LaMotte and Carolyn Barker. On the wash-rack at Vince's Shell Service were Dick Hamilton, Keith Warner, Gladys Jensen, Julie Hunter, Sharon Swanson, Connie LaGrove, Dorothy Kolka, Ella Mae Cook, Marilyn Skinner and Joe Lennert. At Dick's Speedway Service Saturday washing cars for the March of Dimes were Charles Snyder, Larry Yoder, John Matthews, Judy Weaver, Vivian Fenton, Georgia Lucksted, Judy Larson, Keith Johnson and Sandra Newell.

The ambition and thoughtfulness of these Graying students was highly commended by drive officials who issued sincere thanks to Graying.

Mr. Floyd VanSickle

Inkster Husband says, "Blue Cross-Blue Shield saved us years of debt!"

"I guess no one would mind paying \$100 to get out from under \$1150 hospital and doctor bills," says Mr. VanSickle, of Inkster, "if only that's what Blue Cross-Blue Shield saved my family. I spent a month in the hospital this year. Had no idea that it could cost as much, but I had to have a lot of attention. Our Blue Cross Comprehensive Contract covered all but \$40 of the bill, and Blue Shield paid my doctor \$180. Just goes to show how valuable Blue Cross-Blue Shield is when you need it. My wife and I are certainly thankful we've got Blue Cross-Blue Shield. Wouldn't have anything else!"

Unexpected hospital bills! They happen to one in every three families each year. Will you have one in your family this year? If so, wouldn't you be a lot safer if you had protection like the kind that saved \$1050 for Mr. VanSickle's family?

Find out how you can get low-cost Blue Cross-Blue Shield group coverage for hospital and doctor bills. A company with as few as 5 employees may qualify as a group. Today, call or write: Blue Cross-Blue Shield.

U. S. Holds Re-Hearing On Milk Marketing Proposed Order

Three Day Session At Traverse City

A re-hearing of a proposed Federal Milk Marketing Order which first was heard in 1953, was held on Tuesday, Wednesday and Thurs-day of last week in Traverse City at the Park Place Hotel. This was believed to be the first time that a re-hearing has been scheduled by the Agriculture Department on such an order.

The original hearing was held also in Traverse City in Septem-ber, 1953. Attending the session was Leslie Hunter of Graying, owner and operator of Hunter's Ausable Dairy and several milk producers of the county.

The order if adopted would, in a general sense, allow the govern-ment to set prices which the pro-ducers (farmers) would receive for their milk from dairy plant operators. The prices would be established on the current price being paid by three large dairy plants in the Traverse City area.

The area to be covered by the proposed order would cover all of northern Michigan to the Straits from Benzie, Kalamazoo, Crawford and Alcona counties north with the exception of Oscoda and Alpena counties.

Several petitions from produc-ers not in favor of the order were introduced as evidence. One from Crawford County was signed by 80 percent of the county's milk producers, Mr. Hunter said.

An order now exists in far southern Michigan but the middle area of the lower Peninsula is not now covered. With the advent of paper milk bottles, market areas have been greatly increased, area dairy owners stated. Some mid-Michigan dairy plants now ship milk into the northern area with distances of 100 to 200 miles not being covered by the order.
